

WARREN, TUESDAY, JUNE 19.

Summary of War News.

From reports which seem to be reliable it appears that the rebel troops have evacuated Harper's Ferry, after having destroyed the bridge over the Potomac (that over the Shenandoah is still standing) and burning the Arsenal and all the other Government Buildings.

The rail road bridge was fired at 4 A. M. of the 14th, and all destroyed except the span on the Virginia side, which was saved, because its loss would have destroyed the hotel adjoining it, which belongs to a good secessionist. The abutments and piers remain good. There was about 12,000 rebels there. A large quantity of fresh meat was left on the hill, and the buzzards are gathering in flocks. All the Union men, within a circuit of many miles, were robbed of their houses, wagons, cattle and slaves. A perfect panic was raging among the troops, who expected every minute to be overtaken by Lincoln's hordes.

Scouting parties which had been in Virginia, and returned to Washington on Sunday night, report that the rebels were making preparations to retreat from Manassas Junction and fall back upon Manassas Gap, twenty miles west, where a large body of troops are concentrating, and where they are heavily fortified.

Gen. Scott has information that an advance guard of Gen. Patterson's army took possession of Harper's Ferry. Federal troops crossed at Point of Rocks. There are now forty thousand U. S. troops on Virginia soil on strategic line between Alexandria and Harper's Ferry.

The Washington special Telegraphic correspondence of the Clev. Leader thus sums up the Virginia news.

At this moment there are on the "sacred soil" of Virginia in strategic line from Alexandria to Harper's Ferry, at least 40,000 Union troops.

Military authorities pronounce Secession cause in Northern Virginia already lost. Consider it almost certain, that owing to the consummate skill of Gen. Scott, as shown in his maneuvers, the Rebels will gradually allow themselves to be pushed back to James River without risking a decisive battle.

It now looks as though General Butler's promise to have the stars and stripes floating over Richmond on the 20th proximo would be made good.

MISSOURI.

Gov. Jackson is a rank traitor, and has issued a secession Message. Gen. Lyon is after him with sharp sticks. Jackson has fled from Jefferson City, the State Capitol. Gen. Lyon has taken possession of the state buildings and the stars and stripes are floating over them. Yesterday's Leader says:

The news from Missouri is of the most encouraging nature. As our forces advance into the interior of the State and take possession of towns, the people hail them as protectors. Gov. Jackson has planted himself at Booneville, where he is surrounded by a body guard of one hundred and twenty men. The rebel forces flee at the first appearance of loyal troops.

Trumbull Riflemen—Capt. Barrett.

This Company now forms a part of the 19th Regiment, which is now in Virginia. Its special business is to guard the line of the Baltimore and Ohio Rail Road, between Wheeling and Grafton.

Enclose a dollar and send it by mail to the publishers; or hand your subscription and name, to Whittlesey Adams, one of the School Examiners, who will forward free of expense.

STAFF OFFICERS OF THE 7TH REGIMENT.

Colonel, E. B. Tyler, Ravenna; Lieut. Col., Wm. R. Creighton, Cleveland; Major, John S. Casement, Painesville; Adjutant, Louis G. DeForest, Cleveland; Quartermaster, John Morris, Franklin Mills; Sergeant Major, Leicester King, Warren; Qr. Master Sergeant, Marcus S. Hopkins, Berlin Heights, Erie Co.; Surgeon, H. K. Cushing, Cleveland; Surgeon's Mate, Francis Saltera.

According to the National Intelligence, the total number of officers in the Naval and Marine service of the United States, is 1,563. Of the Southerners, 321 have resigned, and 340 remain.

Death of Rev. William Hanford.

A good man has gone to his rest. The Rev. William Hanford died at his residence in Tallmadge, on Friday, the 31st ult., and was buried the following Sabbath.

He was extensively known in the Counties of Portage, Summit, Trumbull, Cuyahoga, and Medina, as a faithful and highly esteemed minister of the Gospel. He entered our State from New England in the year 1813; as an ordained missionary. In 1815 he was installed pastor of the church in Hudson, where he continued 16 years, faithfully devoted to his work. From that field of labor he was called to take the pastoral charge of the church in Windham, where he continued between nine and ten years. He was seriously afflicted with bodily infirmities, and removed to Tallmadge, where he spent the last twenty years of his life.

He pursued his classical studies in Yale College, and his theological in the Seminary at Andover, Massachusetts.

Of his early associates in the missionary field, but few survive him. Rev. Mr. Seward of Solon, his brother-in-law, who is 78, and Rev. Mr. P. K. of Hudson, who is over 80, were present at the funeral. The latter took a part in the exercises. A large and solemn assembly gave evidence of the interest with which our departed brother was regarded.—Portage Democrat.

Dr. Edwin W. Cowles, one of the pioneers of the Western Reserve, died on the 6th inst., at the residence of his son, Postmaster Cowles, in Cleveland, aged sixty-eight years. His father, Dr. Giles H. Cowles, was one of the early missionaries of the Western Reserve.

One Thousand Mormons.

A party of one thousand Mormons came up from the East yesterday and passed on to Toledo, en route for Salt Lake City. The main body of about 750 came up in the morning and went West by the emigrant train at 8:50 a. m. The remainder came up this afternoon. The morning train consisted of fourteen passenger cars and eight baggage cars. The two sections of the party will unite in Toledo, and go forward together. These recruits for the Mormon settlements were picked up in this country exclusively—most of them being gathered in the cities of New York, Philadelphia, and Boston. A very large proportion of these are young girls and small children. They are under the charge of Mr. McAllister, the General Eastern Agent of the Mormons.—Cleve. Her.

Jo Lane in Oregon.

Gen. Lane, the late Senator from Oregon, does not appear to have been very cordially received by the people of the Pacific States, on his return from the last Congress. His secession proclivities were known, and at San Francisco he was received with hisses as he landed on the wharf, while Senator Latham was welcomed with a salute and cheers. At Dallas, Oregon, on Lane's arrival, the citizens raised the stars and stripes, and fired a national salute of thirty-four guns, and at night hung the old secessionist in effigy. He seems to have been unfortunate as well as unpopular. The Oregon Argus states that Gen. Lane has accidentally shot himself near his residence in Douglas county. The ball entered the lower part of the breast and came out of the shoulder. The wound was not considered mortal.

Beans as a Farm Crop.

As the time has passed when our farmers can plant corn in expectations of it getting ripe, and the wetness of the season has prevented them from planting as much of that crop desired, I suggest that one equally and perhaps more profitable while the war lasts, would be white beans which may be planted any time during the month of June with a certainty of ripening, and an average crop of twenty bushels to the acre realized therefrom. A few years since the writer planted twenty acres about the middle of June of white beans, and realized over 500 bushels which sold for \$2 and \$2.25 per bushel. The cost of tillage and harvesting is not quite as much as the same amount of corn; besides they can be planted on green sward without danger of being eaten up by the wire worm which is so destructive to corn under such circumstances.—Toledo Blade.

MORE MILITARY COMPANIES LEAVING THE KENTUCKY STATE GUARD.—Two military companies at Lexington, Kentucky, have left the State Guard, owing to their disapproval of the political proclivities of Gov. Magoffin, who exercising the executive power, could order them where they might not be able to show that devotion to the Union, that they can as independent companies.—Cin. Com.

The British naval forces soon to be on the North American and West India Stations, are to consist of two 90 gun ships, one of 40 guns, one of 20, one of 22, two of 21, one of 17, two of 16, two of 11, and fifteen others of smaller size; those 27 vessels will carry in all 450 guns, and about 6,000 men.

Suicides are quite frequent. A bachelor named G. Mallet, aged 40 years, shot himself in Louisville, Stark county, the night of the 3d inst.; and John Hall, a wealthy farmer in Middletown, Holmes county killed himself on the 3d inst., by firing a nail through his skull.

STAMPED BY SLAVES.—A Harrisburg (Pa.) letter says that over one hundred fugitives from labor, from the neighborhood of Winchester, Va., arrived there on Wednesday and Thursday nights. They say that no attempt is made to arrest runaway slaves—and the mountains of Virginia are full. The last arrival were in a wretched plight, having been on the road ten days. They were supplied with provisions and sent on their way toward Canada.

Blood Food!

To all suffering from Consumption, Incipient or confirmed, or from debility of any kind; or from mental or nervous prostration, brought on by any cause; or from serious complaints; or from diseases of the kidneys or bladder; and to ladies suffering any of the many distressing complaints their sex are liable to, and which engender consumption the

BLOOD FOOD

is offered as a certain and reliable remedy. Differing in every particular from the patent medicines of the day, it is a chemical preparation of IRON, SULPHUR and PHOSPHORUS, of very great worth, and many hundreds bear glad and grateful testimony to the benefits it has conferred on them. CHURCH & DUPONT, 405 Broadway, New York, are the sole proprietors of the article, and have in consequence of a fraud attempted upon the public, changed the color of the outside wrapper from red to yellow, and increased the size of the bottle to 8 ounces. Be very cautious in buying to see that the fac simile of their signature is on the outside of the wrapper, as all others are counterfeit. (Feb. 20, 1861-ly.)

WE CONGRATULATE OUR READERS upon the discovery of a sure cure for Rheumatism, Gout and Neuralgia, and all Mercurial Diseases, which is effected without the use of internal medicines, which destroy the constitution and give temporary relief only. In fact it is the only known remedy effecting a perfect cure, and we feel warranted, from its recommendations, in calling the attention of the afflicted and those having friends suffering from Rheumatism, Gout or Neuralgia, or the pernicious effects of Mercury, to the advertisement in another column of our paper, of Dr. Leland's Anti-Rheumatic Band. [Feb. 20, 1861-3m.]

Deaths.

At his residence in Fowler, Trumbull Co., Ohio, on the night of the 4th of June, 1861. Mr. WILLIAM JONES, in the sixtieth year of his age.

Mr. Jones was born in the State of Mass., while he was yet young his father's family removed to Ohio, and settled in Fowler, Trumbull County, where he resided till the day of his death.

He was a good citizen, a kind neighbor, affectionate husband and an indulgent father. He always took a lively interest in the commerce and business of the times. But in nothing of an earthly nature did he feel more intent, or manifest more anxiety, than he did in the present crisis of our country, upon the union and perpetuity of our government his solicitude was intense. He went to bed well, and between eleven and twelve o'clock his wife noticed something wrong in his breathing, she called for a light, but before the light was procured his spirit had taken its departure and left the lifeless clay.

The esteem in which he was held by his neighbors and fellow-citizens was manifested by the very large procession which followed his remains to the grave, on the 6th inst.

He will be much missed by his friends, and especially by his family, who are left to mourn his loss. G. H. BROWN. Fowler, June 8th, 1861.

DRS. WORTMAN & SHANNON

Will be in WARREN, GASKILL HOUSE, on Thursday, June 27th, again August 1st, and again September 5. Drs. W. & S. call the especial attention of the afflicted to the fact that they have been visiting Warren regularly, and have seen and cured many cases, thus showing that they do not fear to come back where they have done business—farther, they expect to visit regularly for the next five years to come. They have made it their business to study and have treated the most difficult cases for a number of years and claim far better success than could reasonably be expected from LOCAL PHYSICIANS. They now have a large number of cases in this and the adjoining Counties, many of whom have suffered for years to no effect, who they have successfully cured, many of whom are well known in this community. Drs. Wortman & Shannon will both be around together this trip and especially invite the afflicted to call.

Dyspepsia and Liver Disease. Do you rise with a coated tongue mornings, with bad taste in the mouth and poor appetite for breakfast? Do you feel when you get up so weak and languid you can scarcely get about? Do you have a distension in the head at times and often a dullness with headache occasionally? Are your bowels costive and irregular and appetite shagable? Do you feel up wind from the stomach, and do you break up often? Do you feel a fullness after eating and a gasiness when the stomach is empty? Do you have heart burn occasionally? Do you feel low spirited and look on the dark side of things? Are you not unusually nervous at times? Do you not become restless and often lay until midnight before you can go to sleep? Do you, then, at times, don't you feel dull and sleepy most of the time? Is your skin dry and scaly? Do you also suffer? In short, is not your life a burden, full of forebodings? Now, these are the symptoms generally present, but not always all of them, and there are thousands who are suffering daily from them, and we pledge ourselves, in from three to five prescriptions, to drive them all away and completely cure the patient, changing their whole physical and mental nature, and thus make life a blessing in place of a burden. We ask those who have tried and failed, and discouraged to give us one fair trial and we candidly can do just what is above set forth. Try five prescriptions and we can in that time satisfy the most incredulous. We call upon you to give us an almost invaluable treatment in the above diseases. "Prove all things."

Salt Rheum and Scald Head. We claim positively to cure every case of these diseases. This is a positive fact, and we will prove ourselves to give \$50 to any case of the kind that we cannot cure and we generally cure with one prescription. Refer to Austin Sigler, Fowler, J. H. Castellino, Bassett, Mrs. L. Blackburn, Newton Falls, Henry Cook, Bloomfield.

NOW IS YOUR TIME, NOW IS YOUR TIME TO BUY A GOOD PIANO.
